

GARDEN HOSE

/// POLYVINYL CHLORIDE BRAIDED

SPECIFICATION

Tinted polyvinyl chloride compounds reinforced with braided tire cord and nylon yarn combine to make a good, strong hose. Our exclusive small window braiding gives added strength not present in other comparably priced garden hoses. This design provides good flexibility, along with an abrasion and UV resistant cover for durability.

ATTRIBUTES

- Our exclusive small window braiding gives added strength
- This design provides good flexibility, along with abrasion and UV resistant cover for durability
- Color: Green

MATERIALS

Garden hose is manufactured from tinted polyvinyl compounds reinforced with braided tire cord and nylon yarn combine to make a strong hose.

APPLICATIONS

Garden hose

RESISTANCE

(See list on website for listing of chemicals)

Maximum operating temperature: +150°F (66°C)

Material: Polyvinyl chloride braided

Color: Green

Hardness: Durometer Shore A 80+/-3

Brittle point: -20°F (-29°C)

Toxicity: Non-toxic

PACKAGING

Reels

*Custom lengths available in large quantity only. Contact your local rep to confirm availability.

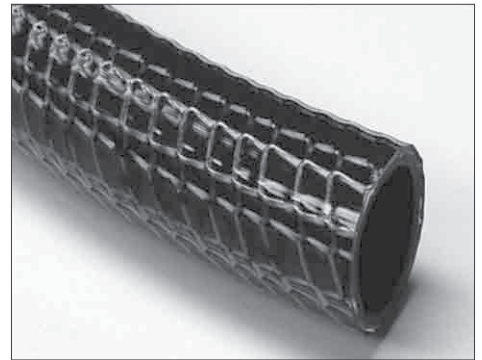

PRESSURE RANGE
